SUMMARY

Full stack web developer with an emphasis on front end web development. I am immersed in Javascript and am able to build sophisticated websites from mockup to deployment. I have a track record of useful skills including being adaptive and keeping up with current technology, detail oriented, and deadline driven. I take pride in my work and have a passion for problem solving.

TECHNICAL SKILLS

Languages: Javascript, HTML5, CSS3, SQL
Frameworks: Express.js
Databases: MySQL, MongoDB, Firebase, JawsDB
Additional Tools: React, Node.js, JQuery, Webpack, Git, Heroku, Bootstrap, Sequelize, Mongoose, Materialize, Handlebars.js
